Speedy Science 2026 — Now Going Global!

The University of Minnesota's Phi Tau Sigma chapter is proud to announce the **6th annual Speedy Science competition**, taking place **Wednesday, March 25, 2026**, via Zoom.

This unique competition challenges food science students to present their research in a concise and captivating **3-minute** format. Speedy Science is designed to help participants sharpen their communication skills, distill the essence of their research, and engage a broad audience including industry professionals, governments, sponsors, and fellow Phi Tau Sigma members and non-members.

For the first time, this year's competition is open to **international food science students**, welcoming submissions from accredited universities worldwide.

Abstract submissions are now open! Interested students should submit their abstracts by **Feb 21, 2026** through the University of Minnesota Phi Tau Sigma chapter's online portal or by scanning the QR code below.

Winners will receive certificates and cash prizes, recognizing excellence in scientific communication and research innovation.

For questions, sponsorship inquiries, or judging opportunities, please contact:

- Anandu Chandra Khanashyam, Secretary, UMN Phi Tau Sigma: khana057@umn.edu
- Jawadul Misir, President, UMN Phi Tau Sigma: misir003@umn.edu

We look forward to celebrating the next generation of food science leaders in this fast-paced and exciting competition!
